Introduction

Equestrian Canada is the national governing body for equestrian sport in Canada, with a mandate to represent, promote and advance the sport in Canada.

Equestrian Canada is responsible for the sanctioning of equestrian events in Canada for all Federation Equestre Internationale (FEI) and all other discipline and breed sports which agree to abide by the Rules of Equestrian Canada, Section A: General Regulations and publish rules under the umbrella of Equestrian Canada.

Equestrian Canada has delegated responsibilities to Provincial/Territorial Sport Organizations (PTSO) for the administration of Equestrian Canada sanctioned competitions at the levels specified in appendix one. PTSOs act as agents of Equestrian Canada and of the Competition Administration Policy (CAP).

This policy seeks to:

- outline the process for granting an Equestrian Canada sanction
- illustrate responsibilities and time lines for Equestrian Canada, Provincial/Territorial Sport Organizations and the Equestrian Canada sanctioned event-organizing committee
- outline the responsibility of the discipline/breed groups or their designates as outlined in individual policies

This policy has been developed in consultation with the various stakeholders; disciplines/breed sports, PTSOs and Equestrian Canada sanctioned event-organizing/competition management committees.

Competitions wishing to hold an Equestrian Canada sanctioned competition must apply using the procedures below. An Equestrian Canada sanction is valid for the one relevant competition that has been approved only.

All competition forms are available through Equestrian Canada and Provincial/Territorial Sport Organization offices.

Terminology

Provincial/Territorial Sport Organization	-	PTSO
Equestrian Canada	-	EC
Competition Administration Policy	-	CAP
Organizing Committee/Competition	-	OC
Competition Application Form	-	CAF

EC: Equestrian Canada is to be understood to mean the organization with all its subsidiary groups including discipline committees.

PTSO: A Provincial/Territorial Sport Organization that has a current service agreement / memorandum of understanding with Equestrian Canada to provide various services and products, and represents the aims and objectives of the national federation in its region.

Competition Manager/organizer: A person designated to manage a competition (see *Competition Administration Policy 5.1.2*). This person must hold a valid EC Sport Licence at or above the level of the competition, and must be an EC and PTSO member in good standing.

Competition Contact: the Individual who will be listed on the EC website and in the EC database as the primary contact for the EC sanctioned competition.

Competition Sanctioning Procedure

Sanctioning of EC competitions occurs in four stages.

Applicants for sanctioning should be aware that the below principles will form the basis of awarding dates and approvals for competitions, but that Equestrian Canada retains discretion to award or not award sanctioning approval for any competition where necessary to achieve the overall objectives of EC and the development of a robust and progressive competition structure aligned to the athlete pathway.

Stage 1

1. COMPETITION APPLICATION

- 1.1 Competition Manager/Competition Organizing Committees (OC) intending to hold an Equestrian Canada sanctioned competition must submit the Equestrian Canada *Competition Application Form* (CAF) pursuant to Appendix 1. **The CAF must be submitted on an annual basis for each competition being held.** The *Competition Application Form* is available to any competition on the EC and the PTSO websites.
- 1.2 The *Competition Application Form* must be signed by the Competition Manager/Organizer taking responsibility for the conduct of the competition and shall contain the following statement:

In applying for the above dates, the competition agrees to abide by the Rules of Equestrian Canada and understands that failure to do so constitutes a violation of Equestrian Canada rules and may subject the competition to fines and penalties under the provisions of the CAP and the Schedule of Fines and Penalties.

- 1.3 OCs intending to host a Gold/Platinum competition must first reserve their dates the year preceding the competition, prior to submitting a Competition Application Form. The process for Gold date reservation is outlined in Stage 2.

Stage 2

2. COMPETITION DATE RESERVATION PROCESS

- 2.1 **For all competitions that do not require dates requests and pre-approval by EC:** In the absence of any outstanding financial, safety, or policy violations and compliances regarding EC sanctioned Competitions run in the previous year and providing that the competition has completed the *Competition Application Form* by the specified deadline, the competition date will be approved for the competition organizer.
- 2.2 Equestrian Canada has the responsibility to grant a date within its policy guidelines. Competition Applicants must be provided a rationale if the requested date is disallowed. Competition Organizers have the right to appeal the decision pursuant to the conditions of the Equestrian Canada *Appeals Policy*.

2.3 Dates requiring pre-approval by EC:

Gold Competitions

- 2.4 The following competitions will require submission of the Gold Date Request Form and approval from Equestrian Canada in order to be sanctioned:

- Gold Hunter/Jumper Competitions
- Hunter Jumper Competitions hosting U25 Classes

- Hunter Jumper Competitions hosting Hunter Classics
- Gold Dressage Competitions
- Gold Provincial Dressage Championships (One per province will be sanctioned)
- Gold Regional Dressage Championships (One per region will be sanctioned)
- Gold National Dressage Championships

- 2.5 The *Gold/Platinum Date Request Form* will be sent by email to existing competitions and is available on the website (www.equestrian.ca) or through the EC office for new interested parties. This application must be completed in full and returned no later than July 31st in the year prior to the date requested.
- 2.6 Applications received after the deadline for existing competitions will be considered late and charged a late fee of \$250. Late applications will only be considered after all properly submitted applications have been processed. Late applications for new competitions may have this late fee waived at the discretion of Equestrian Canada.
- 2.7 For Gold Hunter/Jumper Competition date request procedures and the Exclusivity Policy, please refer to *Appendix 3 – Gold Hunter/Jumper Date Requests*.
- 2.8 For Gold Dressage Competition date request procedures and the Exclusivity Policy, please refer to *Appendix 4– Gold Dressage Date Requests*.

Platinum Competitions

- 2.10 All competitions intending to host a Platinum competition (Platinum only or Platinum portion) require submission of the *Gold/Platinum Date Request Form*. Approval from Equestrian Canada and the FEI is required in order to be sanctioned.
- 2.11 *Gold/Platinum Date Request Forms* must be completed in detail with full venue information provided for each competition. Facility agreements must be in place before an application for date approval is sent to Equestrian Canada. The facility agreement must be available for review upon request by EC.
- 2.12 *Gold/Platinum Date Request Forms* must be received by July 31st of the year prior to competition. EC *Gold/Platinum Date Requests* submitted for review after the deadline will only be considered by EC upon receipt of a non-refundable late fee of \$250. EC *Gold/Platinum Date Request Forms* received after October 1st will be subject to FEI late fees. The late fee must be paid prior to the application being forwarded to the FEI for approval. The OC will be notified of the FEI late fees by Equestrian Canada upon receipt of the application.
- 2.13 Federation approved dates for EC Platinum Competitions will be forwarded to the FEI by October 1st of each year for review and FEI approval.

Such matters may be financial, safety, or failure to comply with the *Equestrian Canada Results Input Policy* (see 6.4) or any other issues that may be deemed prejudicial to the best interest of the sport.

EC sanctioning or date exclusivity can be lost or withheld from a competition for any of the following reasons:

APPENDIX 3: GOLD HUNTER / JUMPER DATE RESERVATION

Competitions that offer the Gold rating with prize money of \$0 to \$3000 are exempt from the Gold Date approval process. These competitions are not considered to be eligible for exclusive dates in any Province, and may follow the Date Reservation process outlined in section 2.1.

A gold hunter/jumper competition is limited to seven competition days. If a competition would like to extend past the allotted seven days, an exemption can be applied for and will only be considered providing each division is only offered once during the duration of the competition.

Exclusivity Policy

A limited number of competitions in each province will be approved to run on exclusive dates at the discretion of the Equestrian Canada.

The following criteria will be used by EC to determine whether a Gold/Platinum competition qualifies for exclusivity:

- Competitions may qualify for exclusivity if they reach the required Tier 1 or Tier 2 minimum number of horses in the preceding year.
- The quota requirements and criteria for Tier 1 and Tier 2 status will be reconsidered when necessary in order to remain current and relevant.
- Exclusivity of a Tier 1 or Tier 2 competition is venue specific.

TIER 1:

- A management/ownership group will be permitted a maximum of two (2) exclusive dates at any particular venue provided they meet the required Tier 1 number of horses detailed below. If the management/ownership group has more than two dates that would otherwise qualify for exclusivity, then they must prioritize on their application form(s) their preference, in order, as to which dates they wish to be considered "exclusive". The request for exclusivity must be clearly noted on the *Gold Date Request Form*.

The management/ownership group can only apply to change its designated exclusive dates every two (2) years. The only exception would be if a designated competition subsequently falls below the Tier 1 status criteria. The request to change the designated exclusive competition must take the form of a written request to Equestrian Canada.

If more than one management/ownership group plans to use the same venue, a second management/ownership group may be granted one (1) additional exclusive date provided it also meets the Tier 1 number of horses qualification detailed below. If more than one additional management/ownership group qualifies for this additional exclusive date, the competition with the higher horse attendance in the prior year will be granted the exclusive date.

The second management/ownership group must be entirely separate and distinct from the first management/ownership group enjoying exclusive dates at that venue. Failure to observe this requirement would

lead to the forfeiture of both management/ownership groups' right to exclusivity on all of their dates.

Tier 1 Number of Horses:

In order to be eligible for Tier 1 exclusivity a competition must meet or exceed the following minimum number of horses, as demonstrated by their prior Jump Canada Levy payments, as follows:

<i>British Columbia</i>	<i>500 horses</i>
<i>Alberta</i>	<i>500 horses</i>
<i>Ontario</i>	<i>600 horses</i>
<i>Quebec</i>	<i>350 horses</i>
<i>Nova Scotia</i>	<i>100 horses</i>

It is considered that the other Provinces in Canada would not currently benefit from an exclusivity threshold and therefore none will apply.

TIER 2:

In the provinces of British Columbia, Alberta and Ontario, a management/ownership group will be allowed to qualify for one (1) exclusive date per venue if they meet or exceed the Tier 2 number of horses detailed below.

This provision will not apply if the management/ownership group already qualifies for an exclusive date or dates as per the Tier 1 requirements. It will also not apply if the competition is held at a venue that already hosts a competition with a Tier 1 exclusive date.

If two independent management/ownership groups within a province both qualify for a Tier 2 exclusive date and they are both held at the same venue, then only the one with the highest number of horses in the prior year will be awarded exclusivity. No more than three (3) exclusive dates per province will be granted to competitions under this secondary threshold.

Tier 2 Number of Horses:

To qualify for consideration under the Tier 2 threshold, a competition must meet or exceed the following minimum number of horses by province, as demonstrated by their prior Jump Canada Levy payments, as follows:

<i>British Columbia</i>	<i>200 horses</i>
<i>Alberta</i>	<i>250 horses</i>
<i>Ontario</i>	<i>400 horses</i>

If two competitions within a given province both run on the same date in one year, they will both be allowed to run on that same date the next year, and thereafter. Similarly, if two competitions within a given province run on the same non-exclusive date in subsequent years they will both be allowed to run on the that same date in the following year. In either situation, if one of those competitions subsequently achieves the exclusivity threshold, the other competition will still be allowed to run on that date. However, no new competition would be approved to run on that exclusive date.

During a Major Games year, if a competition has a blackout period and an exclusive date falls within that period, the competition will be granted their exclusive date the following year.

APPENDIX 4: GOLD DRESSAGE DATE RESERVATION

Date Resolution Process & Exclusivity Policy

If there are date conflicts or other issues related to sanctioning, meetings may be called between organizing committees and applicants may be asked to participate in conflict resolution efforts.

EC shall use its best efforts to achieve a competition structure that is locally, regionally, and nationally progressive with a view to best provide a fair and logical opportunity for all competition organizers to have a successful and viable competition, to provide for the best movement and progression of competitors and to provide a variety of competitive opportunities for competitors to choose from.

This process will be conducted to seek mutually satisfactory solutions. History has shown that with some concessions by all parties most issues are resolved. This is the preferred method of EC to resolve date conflicts and issues. However, should no reasonable consensus be reached amongst applicants and EC, then EC will determine the allocation of dates and any other sanctioning issues.

The following general policies are currently in place and will be used by Equestrian Canada to render judgment of sanctioning of EC Gold and Platinum Dressage Competitions:

- With the understanding that there are no outstanding issues or non-compliance from any previous year a competition will be granted its traditional date in the subsequent year.
- Gold competitions having the same date but in different Provinces will not be considered to be in conflict.
- Platinum competitions having the same date but in different Regions will not be considered to be in conflict.
- Two competitions may operate on the same date, provided both competitions have no outstanding issues, and provided that both parties have agreed to this arrangement.

In the event that a competition organizer, or member of an organizing committee is found to be subject to any reason for losing or withholding sanctioning, EC retains the right to either remove the exclusivity of the application or depending on the severity withhold sanctioning completely, or impose conditions on the approval. Any competition having lost its right to exclusivity in one year may regain the right in subsequent years.

New Competitions

New competitions may apply for any vacant date or any date that is held by an existing competition that has lost its right to exclusivity. There will be a probationary period of one year for new competitions. If a competition is the only applicant for a date by the deadline they are granted the date exclusively for the year applied.

In the event that fails to produce a suitable date then the new competition will follow the same procedure in subsequent years until such time as vacant date becomes available.

In the event that more than one new competition applies for the same vacant date then both, or all, competitions will be granted sanctioning for that date. This will continue unless one competition decides to switch to alternate available dates or vacates the dates.

First time Platinum organizers will be approved for the CDI1* level with future applications being approved at the CDI2* then CDI3* level.

EC Gold Dressage Championships (Provincial, Regional, National)

To apply for a Gold Dressage Championship, the organizers and/or the management team must have recent experience (within 2 years of application date) with running a successful Gold dressage competition.

EC Gold Dressage Championships should be held on separate weekends and should not be held on consecutive days or on the same days as another EC Gold Dressage Championship or another EC Platinum competition, however, an EC Gold Dressage Championship may be held in conjunction with an EC Gold Competition. Where possible, EC Gold Dressage Championships (Provincial, Regional, National) should be standalone competitions.

EC Gold Provincial Dressage Championships should be held before EC Gold Regional Dressage Championships.

EC Gold Regional Dressage Championships should be held before EC Gold National Dressage Championships.

All EC Gold Championships (Provincial, Regional, National) should be held later in the competition season, and where possible after all Gold competitions are completed.

The panels for EC Gold Dressage Championships should not be identical. Panels from year to year should not be identical.

Platinum Competitions

EC Platinum dressage competitions should be 10 days apart when in the same region. For the definition of regions see *Article E 7.23* in the *Rules of Equestrian Canada, Section E: Dressage*, also defined below. If they are less than 10 days apart both organizers should sign off before date approvals are granted.

REGIONS

Pacific: British Columbia and Yukon

West: Alberta, Manitoba, Saskatchewan, North West Territories and Nunavut

East: Ontario and Quebec

Atlantic: New Brunswick, Nova Scotia, Prince Edward Island, Newfoundland & Labrador

Any calendar conflicts for EC Platinum Dressage Competitions will be addressed by the committee using the guidelines outlined in the *Date Resolution Process & Exclusivity Policy* above.

First time Platinum organizers will be approved for the CDI1* level with future applications being approved at the CDI2* then CDI3* level.

APPENDIX 5: EVENTING DATE RESERVATION

Dates for eventing competitions are reviewed and allocated by each respective Provincial Horse Trials Association, as per Art. D 103 From Section D, Rules for Eventing.

In order to be included in the Canadian Eventing Omnibus, competition dates must be submitted by the applicable Provincial Eventing Association to Equestrian Canada.

All EC sanctioned Eventing Competitions must receive date approval from the applicable Provincial Horse Trials Association prior to applying for sanctioning.

The Competition Schedule page of the Eventing Omnibus acts as the prize list and is approved by Equestrian Canada, therefore competition organizers do not need to submit a prize list or prize list approval form to be sanctioned.
