

## Questions that followed the video presentation:

Where do I find the link to the free e-PIC screening?

When you're in the ECampus, and you drop down the Licences row, where you have your Coach Licence Status added, and click on the View button, scroll down to the Criminal Record Check section. Under the (E-PIC) title, click on [description](#).

That page has a blurb but if you click on the "read *more...*"

*Then*, you'll see the link that takes you to EC's Sterling e-pic registration.

What if I can't upload my documents?

Who can your references be?

References can be an adult student, a parent of a student, another coach - a repeatable adult who can speak to your character as a coach.

Are you able to have a NCCP locker account and not be certified, or not working towards your certification?

Yes. Anyone can create a Locker account. A parent who wants to take the free concussion training, for example, is welcome to register and access the course.

How can we connect to people not in the coaching system or who don't know where to start?

- Share the link to our webpage on the Coach Status program.
- Invite them to watch the upcoming Sunday Evening Session on January 31<sup>st</sup>, 2021. It will be livestreamed on our Facebook page or a Zoom link is available at [nbeaeditor@gmail.com](mailto:nbeaeditor@gmail.com). The video of the session will be available on our website thereafter.

Why am I not seeing all my Locker records on my ECampus page?

At this time, it appears that only courses taken through the Locker, and uploaded Instructor or Coach certifications have been shared. This may change in the future.

If you have concerns about your records, contact [coaching@equestrian.ca](mailto:coaching@equestrian.ca).
