1. INTRODUCTION

Coaches play a critical role in shaping the sport experience of sport participants. Inherently, Coaches are in a position of trust and authority, play an important role in the development of sport participants and ultimately shape lives in the process.

Coaches have a duty of care for the individuals they coach. The Coach-athlete relationship is a privileged one and plays a critical role in the personal, sport and athletic development of the athlete. Coaches must understand and respect the inherent power imbalance that exists in this relationship and must be extremely careful not to abuse it, consciously or unconsciously.

As the governing body for equestrian sport and the equine industry in Canada, Equestrian Canada's (EC) mission, core values and [Code of Conduct and Ethics](#) clearly identify the importance of upholding the highest standards of ethical practices and sportsmanship in all areas of activity, including the activity of Coaches.

As such, it is critical that EC and its affiliate organizations take steps to ensure that Coaches receive training and support to be able to uphold these values and model them to new participants, while also having mechanisms to hold those who do not uphold these values accountable.

EC's vision is for *every equestrian Coach in Canada to be licensed and certified by 2025*. This guide provides a framework for the programs and services that will aid in achieving this vision.

1.1. PURPOSE OF THE OPERATIONS GUIDE

The Coaching Program Operations Guide ("Operations Guide") outlines the primary programs and services offered by EC in regards to coaching. The Operations Guide provides operational guidelines and procedures for the management and delivery of the EC Coach Status Program and National Coach Certification Program (NCCP) in equestrian activity. It also outlines the roles and responsibilities of EC and Provincial/Territorial Sport Organizations (PTSOs) in supporting the delivery of these programs.

1.2. ROLES AND RESPONSIBILITIES

EC's coaching programs are managed and delivered in collaboration with the PTSOs of EC. In broad terms, EC is responsible for the development and maintenance of program curriculum and establishing standards for coaching, while PTSOs are responsible for the delivery of training and evaluation for certification.

All training and evaluation records are submitted and maintained in the [ECampus](#), EC's online learning platform and management system. It is the responsibility of PTSO coaching administrators to ensure that these records are submitted in a timely manner.

1.3. VERSION CONTROL

The following outlines the version history of this guide:

1.6. INTERPRETATION OF THE OPERATIONS GUIDE

Should the English and French versions differ, the English version shall prevail. The Operations Guide published on www.equestrian.ca will prevail over versions published on partner websites or in print.

1.7. ECPOLICIES

EC's coaching programs, Operations Guide and procedures have been developed to support the implementation of EC's policies as they relate to Coaches.

EC's policies can be found at www.equestrian.ca/about/governance/policies.

2. ECCOACH STATUS PROGRAM

The Coach Status Program is a joint initiative of EC and its PTSO partners, born out of the [Canadian Equestrian Development](#) (CED) agreement. A Coach Status confirms that a Coach has completed required training and met safety and ethical standards to provide equestrian instruction and coaching services in Canada.

EC recognizes equestrian Coaches in two ways:

- Licensed Coach Status
- Registered Coach Status

Registered Coach Status: This status recognizes self-declared Coaches and instructors, including those working towards a Coach Certification and those new to equestrian instruction who will work alongside an experienced Coach. This status can also be selected by those with formal training or extensive experience until the Licensed Coach Status becomes mandatory.

Licensed Coach Status: This status recognizes Coaches with verified expertise, either through formal certification, education or validated practical experience. Applicants should be actively engaged in equestrian instruction and coaching.

The Coach Status Program provides a mechanism to manage the activities of Coaches and progressively increase standards that will help improve the equestrian experience for all participants. EC's vision is to see every equestrian Coach licensed and certified by 2025. To meet this goal, formal requirements to coach at EC sanctioned competitions will be phased in as follows:

- In 2021, Coaches will need to be Licensed to deliver/participate in designated EC programs.
- In 2022, Coaches will need to be Registered at all EC sanctioned competitions.
- In 2023, Coaches will need to be Licensed at all EC sanctioned Gold and Platinum competitions. Coaches will need to be Registered or Licensed at all EC sanctioned Bronze or Silver competitions.
- In 2024, Coaches will need to be Licensed at all EC sanctioned competitions.
- In 2025, Coach will be required to be Licensed and certified at all EC sanctioned competitions.

2.1. PURPOSE OF THE COACH STATUS PROGRAM

The purpose of the Coach Status Program is to enable the effective management of coaching related activities within the equestrian industry. Through the provision of a licensing program, EC and its PTSO partners can clearly identify those who have been appropriately screened, met required training and certification requirements and are committed to upholding a series of shared ethical standards as described in EC's [Code of Conduct and Ethics](#).

Complaints regarding the conduct of Registered and Licensed Coaches are managed through EC's [third party complaints management service](#).

First Aid Training

Validity: As indicated on the Certificate; generally three (3) years from the date of issue.

Registered Coach Status: An Emergency First Aid training certificate issued by an organization licensed for the delivery of First Aid training in Canada is required. A copy of the certificate of completion – including the dates of validity – is required to be uploaded to the Coach's transcript in the ECampus for verification.

Concussion Training

Validity: Training is valid for three (3) years from the date of completion and must be updated every three (3) years to remain valid.

All Coaches must prove completion of concussion training prior to a Coach Status activation by ensuring a certificate of completion is included on their Coach transcript. Training may be completed online. The following courses are recognized:

Should any flags be identified through the screening process, applications will be directed to EC's Screening Committee for investigation. EC has a designated Screening Policy and uses a third party process and screening committee to manage the review of all flags. The Screening Committee determines how flags that appear during the screening process are managed and will advise of any additional sanctions or requirements for a Coach Status to be issued.

In 2023, Coaches will need to be Licensed at all EC sanctioned Gold and Platinum competitions. Coaches will need to be Registered or Licensed at all EC sanctioned Bronze or Silver competitions.

In 2024, Coaches will need to be Licensed at all EC sanctioned competitions.

In 2025, Coach will be required to be Licensed and certified at all EC sanctioned competitions.

1.11.1 Coaches and Amateur Status

As per the EC Rules, the definition of an amateur is an adult EC Sport Licence Holder who is eligible to compete in amateur classes at EC sanctioned competitions. Registered and Licensed Coaches who also compete as an athlete are subject to the same criteria.

Amateur status rules can vary by discipline/breed sport. However, in most cases, in order to maintain EC amateur status, amateurs must not accept remuneration for:

Coaching any person to ride or drive a horse, including riding or driving clinics and seminars.

Exception: an EC amateur may hold an EC Instructor Certificate and teach within the context of the certificate.

For the purposes of the EC Amateur Rules, remuneration is defined as any payment, either in cash or in kind, with the exception of gifts of token value.

A Coach Status may be held by EC/NCCP certified Instructors who also hold Amateur status, provided they abide by the above restriction of not coaching in competition.

Any Licensed Coach who is certified in any context and coaches at EC sanctioned competition is not considered eligible for Amateur Status as an athlete.

For the full EC amateur definitions and rules, see [EC Rules, Section A: General Regulations, Articles A902-A903](#).

Please note: Amateur eligibility criteria can vary by discipline, so be sure to check the full EC Rule Book for specific discipline rules.

3. EC/NCCP INSTRUCTOR AND COACH CERTIFICATION

EC has partnered with the [National Coaching Certification Program](#) (NCCP) to offer the only Canadian equestrian coaching and instructor certifying program recognized nationally and internationally.

3.1. ADMISSIONS

Candidates must complete the following general admissions requirements:

- Hold an active EC Sport Licence in good standing.
- Hold a PTSO membership in good standing.
- Hold active Registered Coach Status in good standing.
- Complete the Make Ethical Decisions online evaluation. Candidates who have not completed the classroom training and choose to challenge the online evaluation have two (2) attempts at passing the online evaluation. If, after two (2) attempts, the candidate has not received a passing grade of 75%, the candidate will need to sign up for training.

Depending on the certification being sought, candidates must also achieve discipline-specific pre-requisites for admission. These are outlined in the certificate contexts below.

3.2. CERTIFICATION CONTEXTS

Coaching contexts are defined by the training and competition environment in which the athletes being coached are participating. The following table defines the athletes being coached by each certification context EC offers in relation to Long-Term Equestrian Development (LTED). Some disciplines do not yet have a discipline-specific EC certification available.

3.6.3. High Performance 1 Evaluation

The evaluation requirements consist of three (3) evaluation types covering the seven (7) outcomes for the High Performance 1 certification.

1. Portfolio Evaluation: The candidate must submit a portfolio consisting of one (1) written lesson plan, an Emergency Action Plan for their primary facility, a yearly training plan and a detailed description of how they manage administrative aspects of the equestrian program.

2. Observable Evaluation: The candidate will be evaluated by observation, in person or by video submission, coaching lessons. For video submission guidelines see [Section 3.7 Video Evaluations](#). In-competition evaluations must be completed in person.

3. Online Evaluation: The Make Ethical Decisions Online Evaluation is available in the NCCP Locker account and completed online.

3.7. VIDEO EVALUATIONS

Similar to in-person, real time observable evaluations, video evaluations must be coordinated through the PTSO or EC coaching administrator assisting with the candidate's certification. The candidate must complete an application form for evaluation, and submit the application and evaluation materials to their PTSO or EC coaching administrator. All requirements and procedures regarding admissions, lesson content and topics, etc., are the same as those required for in-person evaluation.

Any video that is not clearly audible or visible will be returned to the candidate unmarked. In this event, candidates are required to resubmit a new video. The required remarking fee must be paid to the coaching administrator who received the first video. If any of the lessons did not meet the minimum standard, a remarking fee will apply.

When shipping a DVD or USB, the candidate must enclose the following in a padded envelope:

- Two (2) DVDs or USBs (the original and a copy);
- A completed Video Evaluation Request Form;
- Video Release Forms for each athlete;
- The Video Declaration Form; and,
- A lesson plan for each lesson in their submission.

Videos may be uploaded to YouTube or another video sharing application with the video's privacy settings set to "private".

Other considerations for video evaluations:

- All participants being recorded on video must complete a Video Declaration and Consent to Use Personal Information Form. The Video Declaration and Consent to Use Personal Information Form must be submitted to the PTSO or EC coaching administrator.
- The film must be digital, taken in one non-stop take and unedited.
- The videographer and a witness must sign the Video Declaration Form.
- The taped footage must be submitted in DVD form, on a USB memory stick or uploaded to a platform agreed upon with your PTSO or EC.
- Background noise should be minimal.
- The voice of the candidate must be audible at all times. This means that the camera cannot be too far from the candidate. If necessary, a portable microphone must be used.
- It is recommended that the cameraperson be an experienced videographer.
- In cases where the candidate cannot clearly be heard and understood, the video will be returned unmarked and will need to be re-filmed.
- The camera must focus on the candidate and athlete during any discussions.
- The camera should use a wide-angle shot to capture the athlete as they perform the skill.
- The end result needs to provide the evaluator with a clear and cohesive view of the lesson given.
- All videos must be recorded on DVDs or submitted on USBs that are clearly marked with the lesson topics in order. Tapes must have a 10 second pause between lessons and be clearly marked with the date and the lessons recorded in order, beginning with Lesson 1, unless lessons are uploaded to an online platform agreed upon with your PTSO or EC.

- Candidates' lessons should be recorded in an enclosed arena/ring. If the zoom feature is used, the horses may be no larger than 1/4 of the screen. Please ensure that you can see both the horses and the athletes.
- Candidates' lessons may be taped outdoors, however the candidate must ensure that the Coach Evaluators are able to hear and see what is needed.
- The recording should start approximately five (5) seconds before the lesson starts and end approximately five (5) seconds after the lesson is finished.

3.8.RE-EVALUATIONS

If a candidate does not adequately meet the minimum standard in any outcome, they must be re-evaluated for that outcome only. Re-evaluation of any outcome must be done within two (2) years from the evaluation that resulted in a below-standard score. Additional fees will apply.

Portfolio Outcomes: Feedback will be provided on portfolio outcomes as soon as these are received and evaluated. Candidates will provide missing information or make corrections as soon as the feedback is received from the evaluator until the outcome(s) meet the minimum standard. Re-evaluations requiring more than two (2) responses from the evaluator to the candidate may result in additional evaluation fees. If the candidate requires many revisions to prepare an appropriate portfolio, evaluation may not be recommended prior to additional training being completed.

Observable Evaluation Outcomes (Lesson): All re-evaluations of observable evaluation outcomes from a coaching evaluation of a lesson are up to the discretion of the evaluator. The candidate need only apply to be re-evaluated in the lessons that have been evaluated as below the standard required (i.e. the candidate may only need to be re-evaluated in one or two of the required lessons).

Evaluators will debrief the candidates after the evaluation of observable evaluation outcomes and provide final results at the end of the evaluation. The action plan provided during the debrief after the evaluation of observable evaluation outcomes will clearly outline when re-evaluation is recommended and what additional training may be required/recommended for the candidate. Re-evaluations on observable evaluation outcomes from a coaching evaluation of a lesson are up to the discretion of the evaluator.

Observable Evaluation Outcomes (Competition): All re-evaluations of observable evaluation outcomes from evaluation at a competition are up to the discretion of the evaluator/PTSO. Evaluators will debrief the candidates after the evaluation of observable evaluation outcomes and provide final results at the end of the evaluation day. The action plan provided during the debrief after the evaluation of observable evaluation outcomes will clearly outline when re-evaluation is recommended and what additional training may be required/recommended for the candidate.

Online Evaluation: Candidates who have not completed the classroom training and choose to challenge the online evaluation have two (2) attempts at passing the online evaluation, Make Ethical Decisions. If, after two (2) attempts, the candidate has not received a passing grade of 75%, they will need to sign up for Make Ethical Decisions classroom training.

3.9. CERTIFICATION EQUIVALENCY

EC/NCCP Coach Certification has a clearly defined set of outcomes that must be demonstrated for a Coach to achieve certification. Other Coach certification programs may include similar learning outcomes and coaching competencies, however cannot be accepted as equivalent to the EC/NCCP Certification program. Certifications other than the EC/NCCP certification may be recognized for the purposes of the Coach Status certified Coach discount only.

4. NCCP MAINTENANCE OF CERTIFICATION

The CAC and its partners recognize the value of having certified NCCP Instructors and Coaches that are engaged in professional development programs that reinforce the values of lifelong learning and sharing within the coaching community.

In order for NCCP Instructors and Coaches to maintain their certified status, they will be required to obtain Professional Development (PD) points. PD points can be earned through a multitude of activities in which Coaches already participate, including national and provincial sport organization conferences and workshops, e-learning modules, NCCP workshops, coach mentorship programs and active coaching. In most cases, Coaches are already earning their required PD points; maintenance of certification status is simply the introduction of tracking these points and recognizing Coaches for their efforts.

Maintenance of certification is essential to:

- Ensure Instructors and Coaches stay current with new coaching practices and knowledge;
- Maintain the integrity of the NCCP;
- Maintain consistency with the standards of other professions; and,
- Reinforce the values of lifelong learning and continuous improvement.

Certification within the NCCP shall be valid for five (5) years beginning the next calendar year after the date of certification. Maintenance of certification must be based on active coaching and professional development.

The following renewal requirements must be completed annually:

- Pay annual EC Sport Licence and Coach Levy fees*
- Pay annual PTSO membership fee(s)*
- Maintain Active status in the NCCP Locker by submitting required PD points and completing any required training
- Valid Standard First Aid Certificate*
- Valid Police Background Check*

**If you hold an active EC Coach Status, these requirements are completed automatically.*

4.1. NCCP RENEWAL REQUIREMENTS

NCCP renewal requirements are based on the NCCP's Policy for Renewal of Certification and Professional Development, as found in the [NCCP Policy and Implementation Standards](#). The NCCP certified Instructor, Coach and Coach Developer will have five (5) years to complete PD requirements. PD points are reset every five (5) years. PD is required for Coaches to renew Certified status in any context or gradation.

The CAC Locker is the official professional development tracking database. Certified (Renewed) status will be given only to those NCCP certified Coaches, Instructors and Coach Developers who accumulate the required PD points with the current certification renewal period. Failure to accumulate the required PD points within the specified time causes the NCCP certified Coaches, Instructors and/or Coach Developer's status to be changed to Certified (Not Renewed) in the NCCP Locker.

An NCCP certified Coach, Instructor and/or Coach Developer who does not complete the required PD points by the end date of the period for renewal of certification will be required to complete a renewal process to regain Active NCCP Certification. The renewal criteria is outlined in [Section 4.3 NCCP Renewal](#).

4.2. CERTIFICATION MAINTENANCE RESPONSIBILITIES

The NCCP certified Instructor, Coach and/or Coach Developer is responsible for the maintenance of their certification. To maintain certification, the Instructor, Coach and/or Coach Developer must do the following:

- Complete the EC/NCCP annual renewal requirements as described in [Section 4.1 NCCP Renewal Requirements](#).
- Ensure the [Professional Development Activities Form for Non-NCCP Professional Development](#) Activities is completed and returned to the PTSO or EC during the current certification maintenance five (5) year cycle presented in the Locker account.
- Ensure each PD activity being claimed for points in the Locker is fully detailed on the [Professional Development Activities Form](#). Any activities with incomplete description or documentation will not be approved.
- Be aware that only PD activities listed on the [Professional Development Activities Guide](#) may be claimed for points. Additional points earned in one five (5) year cycle will not be carried over into the next five (5) year cycle.
- The PTSO is responsible for submitting the PD Activities for certified Instructors, Competition Coaches and Competition Coach Specialists into the Locker database.
- EC is responsible for submitting the PD Activities of certified High Performance 1 Coaches into the Locker database.
- Coaches are responsible for self-reporting their own Active Coaching Status (1 point per year) in the NCCP Locker.

4.3. PROFESSIONAL DEVELOPMENT

PD is required for Coaches to renew Certified status in any NCCP context or gradation. PD requirements must be completed by the end of the five (5) year period for which the certification is valid, as presented in the Locker.

Over five (5) years, the following points are required:

- Instructor: 10 points
- Competition Coach and Competition Coach Specialist: 20 points
- High Performance 1: 30 points
- Coach Developer: 20 points

Unless otherwise indicated, the base formula is one (1) point/hour for every non-NCCP activity up to a maximum of three (3) points and five (5) points for NCCP training.

Accumulating the required PD points within the five (5) year cycle will result in Certified (Renewed) status. Failure to accumulate the required PD points within the five (5) year cycle will result in Certified (Not-Renewed) status. The renewal process for not-renewed NCCP status is outlined in [Section 4.3 NCCP Renewal](#) and must be completed in order to receive a Certified (Renewed) status. The activities that can be submitted by a Coach for PD maintenance are included in the [Professional Development Activity Guide](#).

4.4.NCCP RENEWAL

Failure to complete required NCCP training (i.e. Making Ethical Decisions Online Evaluation) or accumulate the required PD points within the five (5) year cycle will result in a Certified (Not-Renewed) status on NCCP Certifications. To receive a Certified (Renewed) status, Coaches must complete the outstanding NCCP requirements. To verify the specific requirements to regain active status, Coaches may contact EC or their PTSO coaching representatives to review their coaching transcript and confirm updating required.

5. EC/NCCP COACH DEVELOPERS

Who coaches the Coaches? NCCP Coach Developers do!

According to the International Council for Coaching Excellence (ICCE), Coach Developers “are not simply experienced coaches or transmitters of coaching knowledge – they are trained to develop, support, and challenge coaches to go on honing and improving their knowledge and skills in order to provide positive and effective sport experiences for all participants.” In short, Coach Developers need to be experts in learning, as well as experts in coaching.

NCCP Coach Developers include Learning Facilitators, Coach Evaluators and Master Coach Developers.

The typical pathway for someone who wants to be a Coach Developer involves the following steps:

Training: Coach Developer candidates must complete rigorous training and this training is now being made consistent across Canada. The following training is required by all Coach Developers:

- **Core Training:** Provides Coach Developers with the skills to perform their role.
- **Content-specific Training (sport or multi-sport):** This includes micro-facilitation, which gives Coach Developers an opportunity to practice delivery with their peers.
- **Co-delivery:** This is a chance for the new Coach Developer to practice with real Coaches alongside an experienced Coach Developer.

Once a Coach Developer has all of the above training pieces, they are considered trained.

Evaluation: Evaluation confirms that the Coach Developer is capable of certain abilities that are deemed important in the training of coaches.

Once a Coach Developer has been evaluated they are considered certified.

5.1. IDENTIFICATION AND SELECTION OF COACH DEVELOPERS

There are two ways to become a Coach Developer candidate:

- Master Coach Developers, PTSOs and National Sport Organizations (NSOs) can identify Coach Developer candidates; or,
- Individuals can nominate themselves.

When establishing a pool of candidates, EC will work with the PTSOs to endeavor to balance the regional training requirements with the need for appropriate representation of all regions in Canada. Many candidates are Coaches who are already involved in the NCCP or individuals with backgrounds in physical education, kinesiology or similar areas of study. The competencies of the Coach Developers are clearly indicated in the Coach Developer Rubrics and Evaluation Tools, available from EC coaching administrators.

Individuals who nominate themselves must submit a letter of interest by email to their PTSO and ensure they have completed the admission requirements outlined below. Applications may be submitted at any point in the year. No paper application forms will be accepted.

5.2. LEARNING FACILITATOR

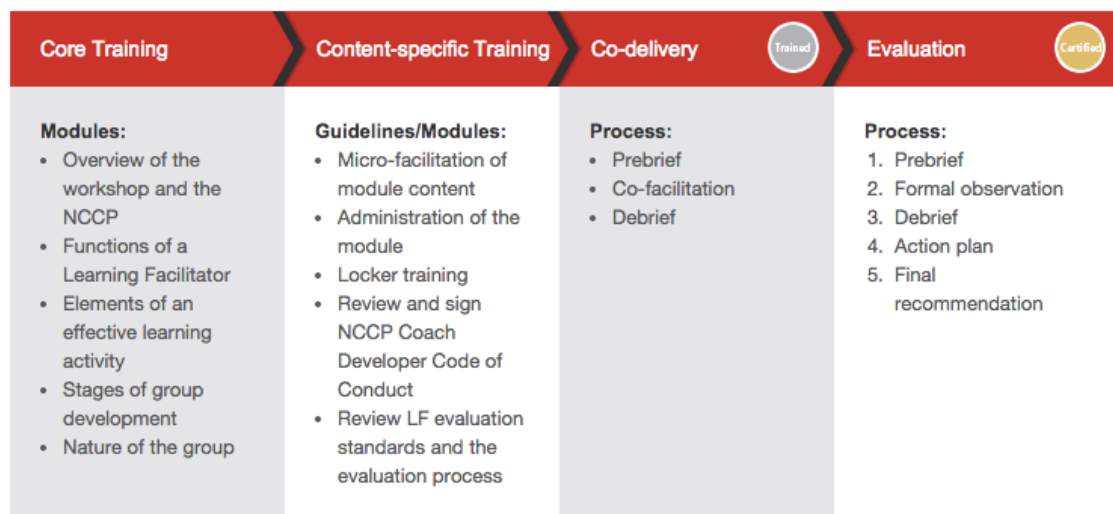

EC/NCCP workshops are led by a trained Learning Facilitator who has undergone a standardized training process. Learning Facilitators are crucial to the development of skilled, knowledgeable Coaches who are then able to develop safer, happier athletes/participants.

The goal of a Learning Facilitator is to effectively facilitate sessions that result in the development of Coaches who are able to demonstrate their abilities and meet the standards established for certification. A Learning Facilitator should have the appropriate knowledge, skills and attitudes to facilitate workshops using a competency-based approach. In addition, they serve as contributing members of the community and ambassadors for the NCCP.

Learning Facilitators are responsible for facilitating the EC/NCCP Equestrian Theory Workshop, Competition Coach Workshop, Competition Coach Specialist Clinics and High Performance 1 Training modules. Each module is based on a module-specific Facilitator Guide, Coach Workbook and reference material.

5.2.1. To Become a Learning Facilitator

All Learning Facilitators complete the following steps:

For more information, please visit www.coach.ca/learning-facilitator-p156718.

5.2.2. Learning Facilitator Training

All Learning Facilitators must complete the Core Training, Content-specific Training and Co-delivery to be considered a Trained Learning Facilitator.

Core Training: Core Training for Learning Facilitators is a required component of training. It is recommended that Core Training is completed prior to coming to Content-specific Training. Core Training can be accessed through the Provincial/Territorial Coaching Representative (PTCR) in each province or territory.

Content-specific Training: All candidate Learning Facilitators must attend the applicable EC/NCCP Theory/Workshops as a participant.

Co-Delivery: All Learning Facilitators must co-facilitate a workshop with an experienced Coach Developer prior to facilitating a workshop on their own. Co-facilitation is part of training and therefore the person being trained will not be paid. A Learning Facilitator candidate may be required to co-facilitate a workshop a number of times before facilitating a workshop on their own depending on feedback from the experienced Master Coach Developer or experienced Learning Facilitator during the training assessment.

5.2.3. Learning Facilitator Admission Requirements

Learning Facilitators are engaged by EC and the PTSOs. Applications to be considered for training and certification for the role of Learning Facilitators are to be directed to EC and PTSOs. Individuals are selected, trained and certified based on capacity, geographic location and volume of training to be delivered and the volume of Learning Facilitators required in any region varies at the discretion of the PTSO and EC.

Learning Facilitator candidates must achieve the following certification-specific admission requirements:

- Completion of the Make Ethical Decisions online evaluation.
- Submission of the signed NCCP Coach Developer Code of Conduct.
- NCCP certification in the context for which they seek Learning Facilitator certification for a minimum of three (3) years.
- Attendance at the training module(s) and holding of NCCP trained status for the context in which they are certified.

The success of NCCP training rests to a large degree on the quality of the individuals selected as Learning Facilitators. The following assets are a bonus for Learning Facilitator candidates:

- Post-secondary education in a related field. For example: adult education, kinesiology and sport or equine studies.

Note: In cases where a strong candidate is not a certified Instructor or Coach, EC may consider their application.

5.2.4. Learning Facilitator Certification

All Learning Facilitators must meet the minimum standards in the evaluation to be considered certified Learning Facilitators. Learning Facilitators will be evaluated in person and will be evaluated against the CAC Learning Facilitator Outcomes, Criteria and Evidence, available from CAC Multi-Sport Master Coach Developers upon request. All Learning Facilitators must complete the Make Ethical Decisions online evaluation.

5.2.5. Learning Facilitator Duties and Responsibilities

The responsibilities of a Learning Facilitator are as follows:

5.3. COACHEVALUATOR

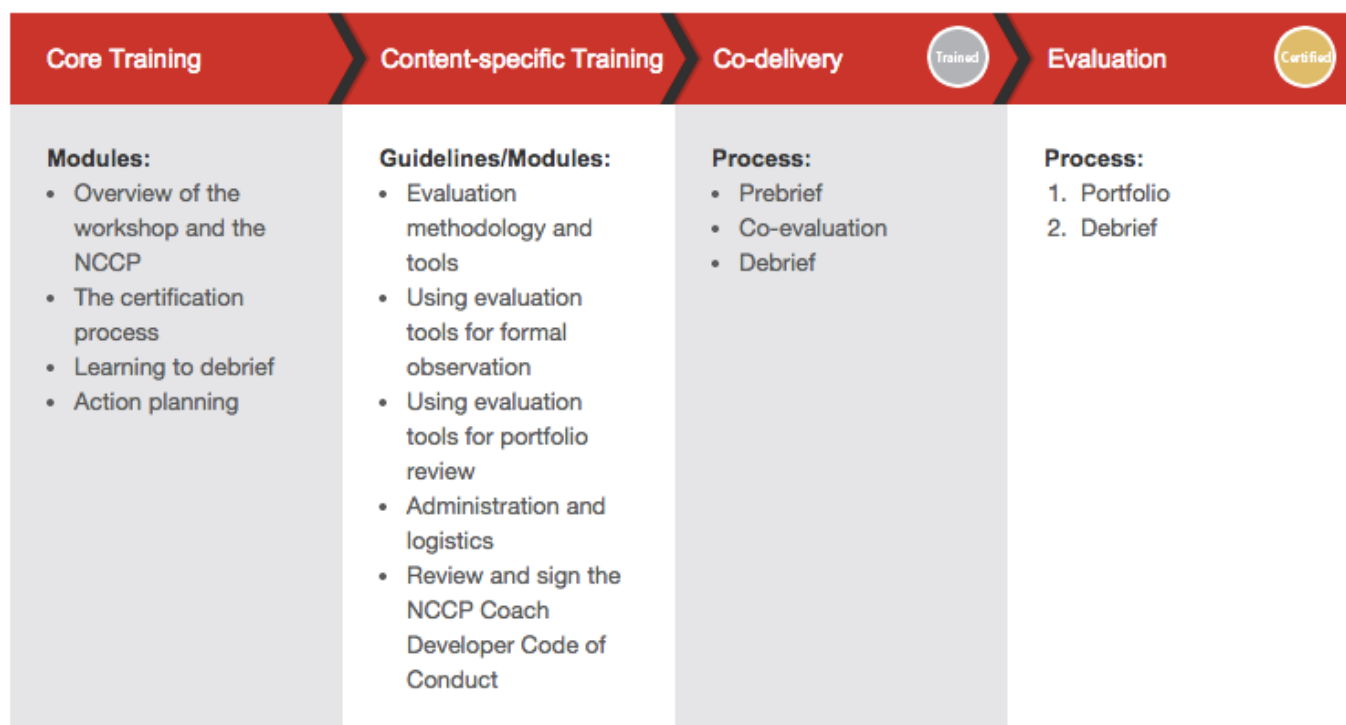

A Coach Evaluator's role is to contribute to the development of Coaches after they have acquired their NCCP training. This includes assessment, evaluation, debriefing and follow-up with Coaches trying to achieve Certified status. Evaluators are experts in the observation process and have in-depth knowledge of the outcomes, criteria and evidence that comprise the evaluation tools that establish NCCP standards for Coaches of a particular sport context.

Evaluators act as ambassadors of the NCCP and as a resource to Coaches seeking to augment and validate their coaching abilities.

Evaluators evaluate EC/NCCP Instructor and Coach candidates.

5.3.1. To Become a Coach Evaluator

All Coach Evaluators complete the following steps:

For more information, please visit www.coach.ca/coach-evaluator-p156721.

- NCCP certification in the context in which they seek Coach Evaluator certification for a minimum of three (3) years.
- Attendance at the training module(s) and holding of NCCP trained status for the context stream in which they are certified.

The success of NCCP training rests to a large degree on the quality of the individuals selected as Coach Evaluators. Although desirable, it is not critical that the Evaluator have a higher position and significantly greater coaching experience than the candidate(s). The following assets are a bonus for Coach Evaluator candidates:

- Post-secondary education in a related field. For example: adult education, kinesiology and sport or equine studies.
- Currently function as a teacher, facilitator or advisor in another profession.

5.4. MASTER COACH DEVELOPER

The role of the Master Coach Developer is to train, evaluate, support and mentor Coach Developers, i.e. Learning Facilitators, Coach Evaluators and other Master Coach Developers. In addition, Master Coach Developers play a key role in promoting the NCCP.

Master Coach Developers must possess adequate knowledge and expertise in facilitation to assist in training and to lead workshops and professional development experiences for Coach Developers.

It is expected that Master Coach Developers will have more responsibility in a supportive role with Coach Developers during workshops, evaluations and in Coach Developer development. 6. EC TRAINING AND CERTIFICATION EVENTS

The EC Coaching program delivers education programs for equestrian sport development. The training and evaluation events follow a set of standards, policies and procedures to ensure equestrian sport development education delivered in Canada is best in class. EC and its PTSO partners are the authorized organizations to host EC training events. This chapter will outline the minimum standards, and define the policies and procedures for hosting EC training and certification events.

6.1. PARTNERSHIP

EC and its affiliate PTSOs (“the partnership”) work as partners to deliver training, certification and professional development events for Instructors, Coaches, and Instructor and Coach candidates in person or online through webinars and the [ECampus](#). The organizations composing this partnership are the authorized hosts for EC/NCCP Events.

6.2. EVENTS

6.2.1. Training Events

NCCP training events are the events offered in the training pathway to candidates.

6.2.2. Certification Events

Certification events (also referred to as evaluations) are the events offered in the certification pathway that would award Certified status in the context stream in which a candidate seeks certification.

6.2.3. Professional Development Events

Professional development events are events offered for those currently certified that would award non-NCCP PD points as per [Section 4.3 NCCP Renewal](#) toward certification maintenance (e.g. EC Convention and/or PTSO Symposium).

6.2.4. Non-EC or PTSO Third-Party Events

Non-EC third-party events are not EC events, as they are offered by organizations or equestrian/equine experts in the industry that are not EC or a partner PTSO. Third-party training events are not recognized toward a NCCP training or certification pathway. Attendance at third-party training events by those currently certified may qualify for non-NCCP PD points as per [Section 4.3 NCCP Renewal](#).

6.3. HOSTING EC TRAINING AND CERTIFICATION EVENTS

6.3.1. Host Responsibilities

The host is responsible for the following:

1. **Event planning:** The host will plan the key activities and requirements of the event to ensure it is best in class.
2. **Scheduling:** It is important that the host verify with the partnership to ensure the scheduling of the event does not conflict with other EC events of similar type within neighbouring regions. When possible, the partnership should work together to ensure the event is a success for the betterment of the program.

3. **Revenue and expense tracking:** The host should ensure that at a minimum, an EC event will break even between expenses and revenues. The event's expenses and revenues should be tracked to ensure transparent and accountable reporting.
4. **Registrations:** Registrations and fees can be collected however the host deems suitable (e.g. paper form or online portal).
5. **Communications:** Event communication must be timely, acceptable and consistent. The host must ensure the requirements of [section 6.5 Event Communications](#) are upheld for the event.
6. **Reporting:** The host must report to the partnership the victories and challenges related to hosting an event. The host must ensure the requirements of [section 6.6 Event Reporting](#) are upheld for the event.

6.3.2. Safe and Welcoming Environment

The host must ensure that the event provides participants with a safe and welcoming environment.

Harassment and abuse: There is zero tolerance for harassment and/or abuse directed at the host, participant(s), Coach Developer(s), subject matter expert(s), demonstration athletes and horses, and event facilities, equipment and resources of any kind before, during or after events. Reports of harassment and/or abuse must be reported according to the [EC Safe Sport Policies](#).

6.3.3. Minimum Age Requirements

The minimum age at which an Instructor or Coach may be designated as an EC/NCCP Instructor or Coach should conform to the age at which it is generally held that an individual has attained the age of reason and can be expected to act within the standard of a reasonable and careful parent and provide a safe environment for participants. The minimum age for the designation for a Coach as NCCP Certified is 16 years of age.

Persons younger than 16 and older than 14 may enroll in and complete NCCP or NCCP qualifying education opportunities where an NSO or PTSO:

- Plan to offer NCCP or NCCP qualifying development opportunities to persons younger than 16 years of age.
- Agree to provide these opportunities within the framework of the NCCP.
- Agree to maintain the records on the NCCP Database.

The provincial/territorial government or designated delivery agency may authorize enrolment in multi-sport modules.

Any person younger than 16 and older than 14 will be designated on the CAC Database with an underage status indicator.

6.3.4. Conflict of Interest Guidelines

1. Coach Evaluators cannot evaluate their own students or any candidate they have taught or mentored during the three (3) months prior to an evaluation.
2. No person may organize an evaluation where he/she is a candidate.

3. Coach Evaluators cannot be billeted with the immediate family of candidates.
4. **Exception:** Evaluators may evaluate a student or candidate they have taught or mentored during the three (3) months prior to the evaluation only due to circumstances beyond their control, such as if the Evaluator was substituted at the last minute. In such a case, the substitution Evaluator would be required to notify EC or the PTSO organizing the evaluation of the relationship with the candidate and they cannot act as a lead evaluator.

6.3.5. Use of Demonstration Horses and Athletes

The CAC requires demo athletes to be at the level described in this context. This is the only fair way of evaluating if the candidate can realistically detect and correct errors in the context for which they are being evaluated.

Demonstration drivers and riders must wear a correctly fitted ASTM approved helmet, gloves and clean boots (rubber or leather) with heels and may wear riding attire consistent with requirements of their discipline. In warm weather, drivers and riders should wear a well-fitted shirt with collar and sleeves. The shirt should be tucked neatly into breeches. In winter, a fitted sweater and vest is appropriate. Well-fitted half chaps are acceptable with paddock boots. The candidates will check tack and equipment; however, the horses provided must have a correctly fitted saddle.

Discipline	Horse/Athlete(s) Recommended
Instructor	
English	3 athletes for each lesson (flat and/or jumping) riding at a proficiency level of Learn to Ride – English Level 3-4. Some exceptions may apply.
Drive	1 athlete proficient enough to drive safely and in control. This would assume then that the demo driver is able to maintain control of a quiet school horse/pony at the walk and trot. It is the responsibility of the evaluator to contact the facility directly to discuss the demo horses and driver, and to be satisfied that the appropriate driver and horses are available. If, at the time of the evaluation, the evaluator deems the horses and/or driver unsuitable, he/she must step in and make the appropriate changes. For example: Arranging for extra demo driver in advance would allow for substitution. Candidates themselves may be used if necessary; however, this is strongly discouraged for the evaluation.
Western	3 athletes for each lesson riding at a proficiency level of Learn to Ride – Western Level 3. Some exceptions may apply.
All Disciplines: Lunging	A quiet horse that knows how to lunge is required. Contact your PTSO for provincial policy regarding lunging horse.

The expensing procedures are determined by the host's policies for travel, accommodations and meals, and must be agreed upon in advance by both the host and the Coach Developer.

6.5. EVENT COMMUNICATIONS

All components of the partnership's NCCP events should be accessible to and inclusive of any gender, visible minorities, the aboriginal community and persons with a disability. The language and content should be appropriate for the varied target groups. In addition, all materials for each context must be launched simultaneously in both official languages – English and French – following final approval.

6.5.1. Scheduling

The host should report to the partnership the scheduling of an event in advance of promoting the event.

6.5.2. Branding Policy

The EC name and logo and NCCP logo should be present on all EC/NCCP event forms and documents.

6.5.3. Copyright

The CAC must hold co-copyright with the respective NSO on all materials produced by the NSO with CAC financial support. The principles of this agreement are as follows:

- The NSO provide all copyright warnings for the user.
- The NSO must include and use the approved NCCP recognition guidelines. The CAC will provide the NSO with the materials in electronic format (or camera-ready artwork) in both official languages for incorporation into NSO final materials.
- World co-copyright is held jointly by the respective NSO and the CAC with a corresponding credit line to the NSO.
- The NSO may distribute and sell non-integrated materials as it sees fit and will retain 100% of any income it receives from its own sale of materials. The sale of integrated materials will be governed by stipulations in the memorandum of agreement signed by the CAC and the NSO.
- The CAC may, at its discretion, use the materials in composite products related to coach education.

6.6. EVENT REPORTING

6.6.1. ECampus

EC and its PTSO partners maintain records for the purpose of validating a Coach Status and maintaining a coach transcript for all Coaches and Coach candidates using the [ECampus](#). The ECampus is administered and managed by EC and PTSO coaching administrators. Coaches and Coach candidates may manage

their own coaching transcript by submitting required documents through the ECampus. Any documents added by a coach to their transcript must be verified and validated by an EC or PTSO coaching administrator before they are appended to a transcript.

Coach training and certification events may be managed by EC and their PTSO partners through the ECampus. Events entered in the ECampus will be pushed to the NCCP Locker upon completion and verification by EC and PTSO coaching administrators.

6.6.2. The Locker

The CAC maintains a database of all successfully completed NCCP components. Upon registration in the database, individuals are assigned a NCCP number, which is used to track each individual's progress towards certification.

Locker events are recorded by the CAC Locker, trained PTSO coaching administrators and EC staff representatives and through the ECampus.

Candidates and Coaches should provide details regarding any changes to their name or contact information directly through their Locker account to ensure that all components are identified under the same NCCP number.

Each host organization must have a trained representative to enter events into the Locker for CAC credit. The representative must complete CAC Locker training before they can be granted access to the Locker database.

Locker events are approved by the PTSO before they can be approved by EC. The CAC has final approval.

6.6.3. Event Reporting

The host must report results from feedback surveys and event reports prepared by Coach Developers to EC.

6.7. OFFICIAL CERTIFICATES

The Official Certificate is a standard template the host must use to create a candidate's unique certificate. Certificates must only be created once a candidate has completed all certification requirements on the pathway.

6.8. DISPUTE RESOLUTION FOR THE COACHING PROGRAM

Membership and participation in the activities of EC offer many benefits and privileges. At the same time, members and participants are expected to fulfill certain responsibilities and obligations, including complying with the EC Code of Ethics, EC Code of Conduct, EC Rules, EC policies and procedures and all terms and conditions set out in the By Laws. In the case of a dispute between a coaching candidate and an evaluator/committee relating to the certification or evaluation of Instructors and Coaches, the EC Complaints Policy is to be referred to for resolution.

The complete Complaints Policy can be found on the EC website under www.equestrian.ca/about/governance/policies.

7. NCCP COACHING PROGRAM

The following chapter was provided by the NCCP.

Equestrian sport is one of 66 sports in Canada with an NCCP coaching program. The CAC works with NSOs across Canada, including EC, in the development of sport-specific NCCP training. Currently, there are over 850 workshops available at every level of sport – from short online introductory workshops, to weekend workshops, to intensive two-year training programs.

Equestrian's NCCP Coaching Program includes: English disciplines, Western disciplines, Saddle Seat and Driving. Certification is available in the Instruction stream and Coaching stream. Together, the Instruction and Coaching certification streams of the program are aligned with requirements for EC's Long-Term Equestrian Development model covering all stages of development.

The EC National Coaching Certification Program aims to:

- Offer a standard of excellence in coaching practice.
- Provide a structure whereby coaches can be certified appropriate to their teaching context and continue to develop professionally.
- Ensure the integration of the NCCP into an overall strategy of coaching education.
- Improve the level of performance and competence of Canadian equestrian instructors and coaches and their athletes.
- Support Long-Term Equestrian Development, and widespread practice of good horsemanship.
- Ensure the safety of equestrians and horse welfare.

All EC Coaching programs are developed by EC and adhere to NCCP standards. The NCCP launched in 1974 and delivered in partnership with the government of Canada, provincial/territorial governments, and national/provincial/territorial sport organizations, gives coaches the confidence to succeed.

7.1. PARTNERS IN COACH EDUCATION

The CAC, the provincial/territorial NCCP delivery agencies, the NSOs and the federal-provincial/territorial governments are individually and collectively responsible to:

- Ensure that the NCCP and other coaching and sport leader development programs contribute to a safe and ethical sport experience in all contexts of participation.
- Ensure that the programs integrate the principles of the Sport For Life Society's Long-Term Athlete Development (LTAD) framework.
- Ensure that coaching and sport leader development programs are available in both French and English.
- Use best efforts to make the program accessible to all, including traditionally underrepresented and/or marginalized populations as referenced in the Canadian Sport Policy and the Federal-Provincial/Territorial Priorities for Collaborative Action.
- Endorse the value of competent instructors and coaches and support, along with other stakeholders, higher standards of coaching competencies and working conditions/environments for coaches.
- Actively participate in the resolution of any differences that put the integrity and continuity of the NCCP at risk.

7.1.1. Coaching Association of Canada (CAC)

The CAC unites stakeholders and partners in its commitment to raising the skills and stature of coaches, and ultimately expanding their reach and influence. Through its programs, the CAC empowers coaches with knowledge and skills, promotes ethics, fosters positive attitudes, builds competence, and increases the credibility and recognition of coaches.

7.2. TRAINING VS. CERTIFICATION

The NCCP model distinguishes between training and certification. Instructors and Coaches can participate in training opportunities to acquire or refine the skills and knowledge required for a particular coaching context (e.g. Competition – Introduction) as defined by the sport and be considered “trained”.

To become “certified” in a coaching context, instructors and coaches must be evaluated on their demonstrated ability to perform within that context in areas such as program design, practice planning, performance analysis, program management, ethical coaching, support to participants during training and support to participants in competition.

Certified instructors and coaches enjoy the credibility of the sporting community and of the athletes they coach because they have been observed and evaluated “doing” what is required of them as a competent coach in their sport. They are recognized as meeting or exceeding the high standards embraced by more than 65 national sport organizations in Canada. Fostering confidence at all levels of sport, certification is a benefit shared by parents, athletes, sport organizations and our communities.

NCCP instructors and coaches are described as follows:

In Training – when they have completed some of the required training for a context.

Trained – when they have completed all required training for a context.

Certified – when they have completed all evidence for a context.

7.3. NCCP WORKSHOPS AND MODULES

7.3.1. Sport-Specific Training

The CAC works with over 60 different NSOs across Canada, including EC, in the development of sport-specific NCCP training. Currently, there are over 850 workshops available at every level of sport – from three-hour online introductory workshops for beginner coaches, to weekend workshops for intermediate coaches, to intensive two-year training programs for advanced coaches.

For more information please visit www.coach.ca/sport-specific-training-s16547.

EC/NCCP sport-specific courses can be viewed in the [ECampus](#).

7.3.2. Multi-Sport Training

Many of these modules have been integrated by sports into their own sport-specific workshops, while other sports require their coaches to take them separately through our network of PTCRs.

All of these multi-sport PD development points towards Maintenance of Certification for each course taken.

For more information, please visit www.coach.ca/multi-sport-training-s15501.

EC/NCCP courses can be viewed in the [ECampus](#).

8. NCCP EVALUATION

The following chapter was provided by the NCCP.

Evaluation in the NCCP is the process used to determine whether instructors and coaches meet NCCP coaching standards for certification. This process applies to all coaching contexts in the NCCP.

8.1. PRINCIPLES OF EVALUATION IN THE NCCP

- Outcomes are the foundation of the NCCP approach to evaluating and certifying instructors and coaches.
- Evaluation in the NCCP reflects the ethical coaching practices promoted in the Canadian sport system.
- Evaluation in the NCCP reflects the diversity among sports in a given context.
- Evaluation recognizes and respects individual coaching styles.
- Evaluation in the NCCP is evidence-based.
- The evidence in NCCP evaluations consists of observable coaching behaviour that is used to determine whether a coach meets a given criterion.
- The evidence in NCCP evaluations may come from several sources.
- Evidence demonstrated during an evaluation may not reflect all of the elements or objectives identified in training activities.
- Instructors and Coaches are fully advised of the evidence that will be used to determine whether they meet a given criterion. This helps them achieve certification.
- Instructors and Coaches seeking certification are evaluated by NCCP-trained and NCCP-accredited Evaluators.

8.1.1. Additional Points

- Evidence, procedures and methods are (1) administratively feasible, (2) professionally acceptable, (3) publicly credible, (4) legally defensible, (5) economically affordable and (6) reasonably accessible.
- Evaluation should be preceded by NCCP training or relevant experience.
- NCCP training activities prepare instructors and coaches to meet certification standards.

8.2. OUTCOMES, CRITERIA AND EVIDENCE

Evaluation in the NCCP is based on a systematic approach to determining whether instructors or coaches meet NCCP standards. This approach has three key components which are outlined in rubrics available from your NSO or PTSO: Outcomes, Criteria and Evidence.

NCCP Outcomes are the overall tasks instructors or coaches must be able to perform. There are overall tasks that capture what instructors or coaches in the NCCP need to be able to do.

Every outcome is associated with one or more criteria. These are the components of an outcome that will be evaluated. Criteria depend on the coaching context. Criteria may be sport-specific. The quantity and quality of criteria associated with a particular outcome contribute to the NCCP minimum standard for evaluation.

Example – Provide Support to Athletes in Training Criteria

- Competition – Introduction context: Implement an appropriately structured and organized practice.

Evidences are what the Evaluator must observe and measure to confirm that the candidate meets the NCCP standard for each criterion. All criteria are associated with one or more pieces of evidence. Evidence is what the coach actually does. It is observable and measurable. The more evidence the Evaluator must observe and measure, the more demanding the evaluation will be. Evidence may be sport-specific. The quantity and quality of criteria associated with a particular outcome contribute to the NCCP minimum standard for evaluation. Together with the outcomes and criteria, the evidence is used to determine the NCCP minimum standard for evaluation.

Example – Competition – Introduction Criterion and Evidence for the Provide Support to Athletes in Training Outcome

- Criterion: Implement an appropriately structured and organized practice.
- Evidence: Deliver a practice that matches the goals identified in the practice plan; activities contribute to development of skills, tactics or athletic abilities; equipment is available and ready to use.

8.2.1. Evaluating Instructors and Coaches in the NCCP

Evaluating instructors and coaches in the NCCP evaluation process involves:

- Portfolio evaluation
- Pre-brief
- Observable evaluation
- Debrief
- Action planning
- Reporting/Administration

The EC/NCCP certification's evaluation process provides the candidate an opportunity to demonstrate competency in the tasks outlined in the context and discipline specific evaluation tools for each certificate offered and reviewed at training event(s). Candidate's competency will be assessed against the standards outlined in the rubric for the certificate being challenged. Although the evaluators are to evaluate and not teach, feedback will be provided to each candidate in a formal debriefing session. The areas in which more practice/training is required will be clearly outlined to each candidate in the debriefing after the evaluation. An action plan for further training to enhance performance and/or a plan for the future will be provided.

8.2.2. Portfolio Evaluation

The portfolio evaluation enables the Evaluator to determine the readiness of the coach candidate for the observable evaluation.

The coach must register with their **PTSO** and submit all required portfolio pieces in advance of an observable evaluation being scheduled.

The Evaluator must review the portfolio using the appropriate evaluation tool(s) and then communicate the feedback to the coach in a timely manner.

Successful completion of the required portfolio pieces will determine readiness for the observable evaluation.

Once it is established that the candidate is ready for the observable evaluation, the Evaluator should notify the appropriate sport body to schedule the observable evaluation.

When the observable evaluation is scheduled, the Evaluator begins the pre-brief process.

8.3.CERTIFICATION STANDARD

Certification standard refers to the degree to which instructors and coaches meet a given criterion. An achievement scale is used to determine whether or not a coach meets or exceeds the minimum standards. For example, a three-point achievement scale might be:

- 3 Exceeds Standard
- 2 Standard
- 1 Needs Improvement

While the achievement scale may differ, all must include the NCCP Minimum Standard.

Instructors and Coaches seeking certification for a given context must be evaluated and must achieve at least NCCP Minimum Standard in all the relevant criteria required for that context in their evaluation.

8.4.NCCP DATABASE (THE LOCKER)

The NCCP Database tracks the outcomes and criteria, identifying criteria that have been trained and evaluated. The Database does not track evidence.

Instructors and Coaches can view their transcript at any time by logging in at <https://thelocker.coach.ca>.

It is the PTSO's responsibility to input training events delivered in your province/territory into the Locker. If equestrian specific training events are missing from your transcript, please contact your PTSO coaching coordinator.

8.5.RECOGNITION OF COACHING COMPETENCE

The NCCP is a competency-based program based on coaching abilities, meaning the NCCP is a program that certifies coaches based on proven abilities to “DO” certain things deemed important to meet the needs of the participants they coach. The NCCP is competency based, and as a result certification is based upon what a coach is able to demonstrate, not the training they may or may not have undergone.

Instructors and Coaches must go through the evaluation process for the context in which they are coaching. Evaluation must include the entire evaluation process for the context in which the coach is being certified (including online multi-sport evaluations). This ensures the instructor or coach is able to demonstrate the required competencies for the context, and removes the need for the NSO or other partners to “judge” the relevance or rigor of the many different international programs that exist.

Instructors and Coaches do not receive credit for “training” modules that they do not complete, but will be able to achieve “certified” status upon a successful evaluation. This only applies in contexts where certified status is available to coaches. There is no such thing as “equivalency”.

This respects and recognizes current coaching competence, which includes Canadian instructors and coaches with significant coaching experience or related background, and foreign coaches with approved training and certification.
