B. See Rule 8 for age definition

C. An attendant over the age of 19 may accompany the driver.

#### **55. SMALL EQUINE REINSMANSHIP**

A. Reinsmanship is shown to a two wheeled vehicle as described in B. Entries are judged primarily on the rein handling ability and skill of the driver. 75% of the score is on the handling of the reins and whip, control, posture, and overall working appearance of the driver. 25% is on the condition of the harness and vehicle and neatness of attire. Control is judged by the consistency of movement at various gaits; smooth, rapid gait changes consisting of three to four steps to be in the called gait; accuracy of performing the requested maneuver on the rail or by the complete, symmetrical pattern requested for individual work.

C. At no time should the horse appear to be out of control or heavily checked up.

D. Whip must be in hand at all times when the driver is in the ring.

E. Two methods of reinsmanship performance may be used as chosen by the judges:

1. Drivers are first judged as a group both ways of the arena at a walk, collected trot, halt, back, and working trot. Drivers are then asked to each do an individual "work off" or pattern set by the judge. Pattern to be used is not posted prior to the class, but is conducted as directed verbally by the judge during the class. The same pattern is driven by each participant in the class.

a. Perform a figure eight in the direction designated by the judge, with a salute at the beginning and end of the pattern. The start of the figure eight is in the middle of the eight facing the call judge. b. Perform a serpentine at the direction of the judge with a salute at the beginning and end of the pattern. The finish of the pattern will be a halt facing the call judge with the wheel hub in line with the cone.

2. Drivers are asked to perform reinsmanship skills on the rail as a group. They will be asked, in addition to working both ways of the arena at a walk, collected trot, and working trot, to perform according to the judge's calls. Judge may select one, several or all of the following maneuvers and may repeat the same maneuver as many times as desired to determine driver's reinsmanship skills:

a. Stop on the rail, pause and stand quietly until judge calls to move forward at a walk or collected trot.

b. Stop on the rail, back 2 or 3 steps, stand quietly, then proceed in the direction of go when judge calls to move forward at a walk or collected trot.

c. Reverse on the rail at a walk or collected trot.

d. Stop on the rail, do a 90 degree pivot turning inward and pause, standing quietly. Upon judge's call, return with a 90 degree pivot back to the rail in the original direction of go. Move forward at a walk or collected trot per judge's call.

e. Stop on rail, do a 90 degree pivot turning inward and pause, standing quietly. Upon judge's call, continue to turn with a 90 degree pivot to end up on the rail in the reverse of the original direction of go. Move forward at a walk or collected trot per judge's call.

f. Stop on rail, do a 180 degree pivot, pause, standing quietly. Then on judge's command, drive on in the reverse of the Then on judge's command, drive on in the reverse of the original direction at a walk or collected trot.
