

Victoria Robinson

I found my passion for horses four years ago, ever since I have been taking lessons and trying to be the best that I can be. I am an eventer, riding at two barns and leasing in the summer. Jumping has been my favorite ever since I went over my first cross rail. Riding is not the only thing I love about horses. I could spend my whole day at the barn without riding, I love just smelling the horse smell, brushing and cleaning. I have just started showing last year and am always looking to improve myself in riding or theory and have fun. In the summer I spend my days at the barn and even help coach the younger riders plus do chores. Whenever I have a chance to go and help at the barn with the horses and students, I am more than happy to it's the best part of my day and I always look forward to it.
